**The Research Data Alliance vision
is researchers and innovators
openly sharing data across
technologies, disciplines, and
countries to address the grand
challenges of society**

... and the mission is to build
the social and technical
bridges that enable open
sharing and re-use of data.

Grass roots approach

Neutral social platform for international data experts

Working Groups

- develop and implement data infrastructure, e.g. tools, policy, practices & products that are adopted and used by projects, organizations, and communities
- **TIMING: 12-18 MONTHS**
- **TOTAL: 33 Working Groups**

RECOMMENDATIONS:

Concrete deliverables -
“Running code”, tools,
standards, etc.

Interest Groups

- focus on solving a specific data sharing problem and identifying what kind of infrastructure needs to be built.
- **TIMING: as long as group is active**
- **TOTAL: 61 Interest Groups**

OUTPUT: Possibly case statements for new WGs, guidelines, best practice, etc.
